Tiago Santos Fernandes

Date of birth: 07/01/1998 | **Nationality:** Portuguese | **Gender:** Male | **Phone number:** (+351) 961780668 (Mobile) | **Email address:** t.f.5@hotmail.com |

LinkedIn: https://www.linkedin.com/in/tiago-santos-fernandes/ |

Address: Lisbon, Portugal (Home)

About me:
I'm a Computer Engineer currently working as a software developer. I prefer working with a team, and I'm proud of my adaptability. As a gaming enthusiast I plan on becoming a game developer.

WORK EXPERIENCE

20/02/2020 – CURRENT Lisbon, Portugal
FULL STACK DEVELOPER CGI

As a first work experience I value what I learned about the business world and its logistics. I was involved in several teams, which lead me to prefer working with others and share knowledge. I worked in international projects, developing both front-end (Angular) and back-end (Java and .Net C#).

EDUCATION AND TRAINING

12/09/2016 – 24/07/2020 Lisbon, Portugal
DEGREE IN COMPUTER AND MULTIMEDIA ENGINEERING ISEL –Instituto Superior de Engenharia de Lisboa

Address Lisbon, Portugal

LANGUAGE SKILLS

Mother tongue(s):   **PORTUGUESE**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C2	C1	C1	C2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

Frontend: Angular 2+, AngularJS, jQuery, Bootstrap | C# | .NET, .NET Core, .NET Framework | Unity | Java and Javascript | SQL (MySQL) | Python | GIT Hub

ADDITIONAL INFORMATION

DRIVING LICENCE

Driving Licence: B1
Driving Licence: B

PROJECTS

12/09/2018 – 18/07/2019
GOCards - Final BSc Project In this project the application GOCards was developed with the objective of complementing visits to theme parks and other public spaces. We included several functionalities to help make visits more enriching. So the application is based on a map of the space, serving as a guide and suggesting points of interest for the user to go to, while also making it easier for the user to find them. It also has a card collection, that allows the user to collect cards along his visits, showing interesting facts about the places that were visited.

HOBBIES AND INTERESTS

Lifeguard and basic life support course Experience of around eight months working in the area for the duration of three summers.

Competitive swimming I've been swimming since I was a little, and was a member of a competitive swimming team for over 6 years.

Reading and Writing I read a lot of fantasy books and because of that I also have some manuscripts and short stories written. More recently I made a D&D (Dungeons and Dragons) campaign for my family and friends to play.

Gaming Since I was little I was always fascinated by games and how they worked. Having then followed with a degree in computer science my objective is to eventually work in the gaming industry and learn more about game development. I've played almost every type of game, but my favourite has to be RPGs and fantasy in general.
